DATA COLLECTION DESCRIPTION

Inter-university Consortium for Political and Social Research
REFERENDA AND PRIMARY ELECTION MATERIALS (ICPSR 0006)

COLLECTION CHANGES: Data for 1990 have been added to this collection, and SAS data definition statements (Parts 51-100) are now available for Parts 1-50.

NOTE: Most of the information in this collection is available ONLY in typed and photocopied form. The exception is data from 1968 to 1990. ICPSR has converted all statewide referenda returns from 1968-1990 into machine-readable form. Included in this portion of the collection are the county vote breakdowns for approximately 4,241 referenda voted upon in primary and general elections throughout the United States. A typed hardcopy codebook accompanies each state file. The primary election data are NOT available in machine-readable form. It is possible to supply, on a cost basis, limited portions of the referenda and primary election returns in the form of photocopies.
